## Head's Desk

**WEEKLY THEME: HUMILITY AND OBEDIENCE**

**PROVERBS 22:4**

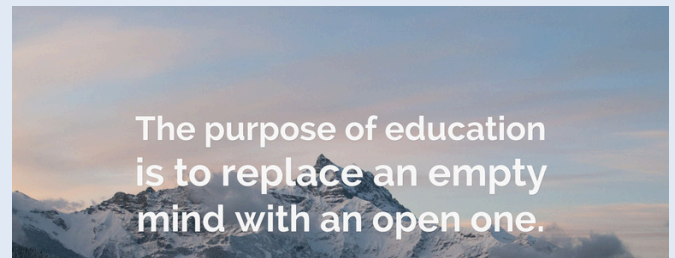

**"HUMILITY AND THE FEAR OF THE LORD BRING WEALTH AND HONOR AND LIFE".**

excellence

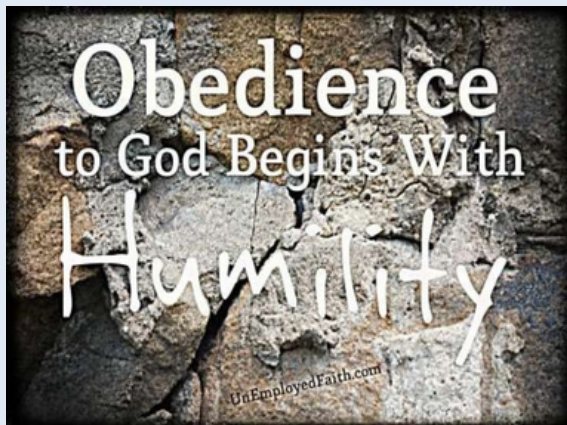

Dear Parents and Guardians,

As we wrap up the week, our teachers and learners reflect on the knowledge they have gained, the lessons they've learned, and the ideas they've shared. May the weekend inspire us to explore new teaching strategies, discover innovative learning resources, and recharge our passion for education. Looking forward to a week ahead filled with creativity, collaboration, and growth! A big, continuous thank you to our parents for their full support

### Announcements

- Parents are urged to clear outstanding school fees balance to avoid inconveniencing the child
- Registration for Cambridge October-November examinations has begun
- Enrolment for L6 is still open, for more information kindly get in touch with our school administrator on +263 783 519 125

## Academics

Academic lessons are progressing well. All learners are timeously attending their lessons.

Starting from next week we will be conducting exam techniques workshops to help our students prepare for their upcoming assessments. These workshops will provide valuable strategies and tips on how to approach exams with confidence, manage time effectively during exams, and handle exam-related stress.

### *Learners doing Practicals*

The Science Practical Sessions aim to provide students with hands-on experience in applying scientific concepts and methods. Through various experiments and activities, learners develop critical thinking, problem-solving, and technical skills.

## UPCOMING EVENTS

- Thunderminds Debate Competitions  
08/03/25
- National Allied Arts Competitions  
10/03/25

## Update on Robotics Competitions

Our Robotics Club attended Robotics national competitions at Tynwald High. The event brought together teams from various schools, all eager to demonstrate their skills in building and programming robots to complete challenging tasks. Our Junior Team clinched **first position** in their category. Their robot, designed to navigate a complex obstacle course and perform specific tasks, impressed the judges with its precision and efficiency. The team's success is a testament to their dedication, teamwork, and passion for robotics. The Team comprised of the following learners: Bernard Mtetwa, Nakai Ngirazi, Cleopatra Mutaki, Ashley Anusu, Nomupulelo Masuku, Enoch Marara and Makatendeka Musanhu

Each team had to design, build, and program their robots to complete these tasks within a set time frame. The junior team's robot excelled in all aspects, earning them the top spot in the competition.

The club's commitment to fostering a love for STEM (Science, Technology, Engineering and Mathematics) among students has been evident in their consistent practice. Their achievements have not only brought pride to the school but have also inspired other students to pursue their interests in robotics and technology.

## Sports & Clubs

Our Toastmasters are busy rehearsing for the upcoming thunderminds and National allied arts competitions to be held on the 8th and 10th of March respectively. Tatenda Gonga and Alvin Mutsawashe Maradze have gone to attend Athletics District Competitions.

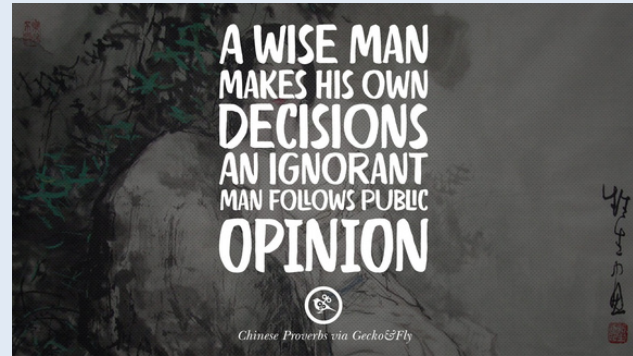

## International Tours

It is recommended that all parents sign up their children for the 2025 UK educational tour scheduled in July. Interested parents are urged to make payments as soon as possible so that the school commences visa processing and flight booking in adequate time. Total cost for this trip is **USD3200**

### Educational/Cultural USA TOUR

All parents are also urged to sign up their children for the 2025 USA educational tour. The trip has been scheduled for October 2025. Interested parents are as well encouraged to make payments as soon as possible for visa processing and flight booking. Total cost for this trip is **USD3 500**.

### Our pupils will benefit from:

- Traveling to a foreign country which encourages independence and boosts confidence as learners navigate new environments.
- Cultural & Educational exposure which will motivate and enhance their future lifestyle academically.
- Global Perspective: Exposure to different ways of life can foster a global mindset, making learners more open-minded and adaptable.
- Networking: Opportunities to meet peers, educators, and professionals from different backgrounds can lead to valuable connections and friendships.

Warm Regards

Engr B.T Ruzvidzo  
Deputy Head
